“(2) BALLOT VERIFICATION AND AUDIT CAPACITY.—

“(A) VOTER-VERIFIED PAPER BALLOTS.—

“(i) VERIFICATION.—(I) The voting system shall require the use of or produce an individual voter-verified paper ballot of the voter’s vote that shall be created by or made available for inspection and verification by the individual voter before
the voter’s vote is cast and counted. For purposes of this subclause, an individual voter-verified paper ballot includes (but is not limited to) a paper ballot marked by the voter for the purpose of being counted by hand or read by an optical scanner or other similar device, a paper ballot prepared by the voter to be mailed to an election official (whether from a domestic or overseas location), a paper ballot created through the use of a ballot marking device or system, or a paper ballot produced by a touch screen or other electronic voting machine, so long as in each case the voter is permitted to verify the ballot in a paper form in accordance with this subparagraph.

“(II) The voting system shall provide the voter with an opportunity to correct any error made by the system in the voter-verified paper ballot before the permanent voter-verified paper ballot is preserved in accordance with clause (ii).

“(III) The voting system shall not preserve the voter-verified paper ballots in
any manner that makes it possible, at any time after the ballot has been cast, to associate a voter with the record of the voter’s vote.

“(IV) The requirement of subclause (I) that the voting system produce an individual voter-verified paper ballot may not be construed to prohibit a jurisdiction from meeting the requirement through the use of a thermal reel-to-reel voter verified paper ballot printer attached to a direct recording electronic voting machine in the case of elections held prior to 2012.

“(ii) PRESERVATION.—The voter-verified paper ballot produced in accordance with clause (i) shall be used as the official ballot for purposes of any recount or audit conducted with respect to any election for Federal office in which the voting system is used, and shall be preserved—

“(I) in the case of votes cast at the polling place on the date of the election, within the polling place in a secure manner on such date; or
“(II) in any other case, in a secure manner which is consistent with the manner employed by the jurisdiction for preserving such ballots in general.

“(iii) Manual Audit Capacity.—(I) Each paper ballot produced pursuant to clause (i) shall be suitable for a manual audit equivalent to that of a paper ballot voting system, and shall be counted by hand in any recount or audit conducted with respect to any election for Federal office.

“(II) In the event of any inconsistencies or irregularities between any electronic vote tallies and the vote tallies determined by counting by hand the voter-verified paper ballots produced pursuant to clause (i), and subject to subparagraph (B), the voter-verified paper ballots shall be the true and correct record of the votes cast.

“(B) Special rule for treatment of disputes when paper ballots have been shown to be compromised.—
“(i) IN GENERAL.—In the event that—

“(I) there is any inconsistency between any electronic vote tallies and the vote tallies determined by counting by hand the voter-verified paper ballots produced pursuant to subparagraph (A)(i) with respect to any election for Federal office; and

“(II) it is demonstrated by clear and convincing evidence (as determined in accordance with the applicable standards in the jurisdiction involved) in any recount, audit, or contest of the result of the election that the paper ballots have been compromised (by damage or mischief or otherwise) and that a sufficient number of the ballots have been so compromised that the result of the election could be changed,

the determination of the appropriate remedy with respect to the election shall be made in accordance with applicable State law, except that the electronic tally shall
not be used as the exclusive basis for determining the official certified vote tally.

“(ii) **Rule for consideration of ballots associated with each voting machine.**—For purposes of clause (i), only the paper ballots deemed compromised, if any, shall be considered in the calculation of whether or not the result of the election could be changed due to the compromised paper ballots.”.

If the individual accepts the offer to cast the vote using such a ballot, the official shall provide the individual with the ballot and
the supplies necessary to mark the ballot, and

ballot which is cast by an individual under this
paragraph shall be counted and otherwise treat-

cast the vote using a paper ballot under this
paragraph.
